ORDINANCES OCCUPY ATHERTON TRUSTEES

PROTESTS ON ZONING
POLICE OFFICER APPOINTED

BOARD SELECTS RIDING CLUB AS NEW MEETING PLACE FOR TRUSTEE MEETINGS

The third meeting of the board of trustees of the Town of Atherton, which was to have been held in the garage of J. B. Coryel on the highway, proved too well attended an affair to be confined in the building provided and it was found necessary to make it an open air meeting instead, the board meeting in the court yard of the garage building.

The first matter which received the consideration of the governing body of the newly formed town, was the passing of an ordinance providing for the licensing of all forms of business, making the conduct of a business without a license unlawful, and providing penalties for offenders.

The zoning of the town, by which it is divided into a residence district and un unrestricted district occupied the greater part of the meeting, and received more attenion from those present, other than the board, than any other matter considered by the trustees. The ordinance proposed by the boarn set aside a certain territory which could be used for business purposes, and restricted the remaineder to residential uses. The ordinance was the center of very general discussion. Harry R. Fee, owner of a tract of land in the residential section, protested against its inclusion in that disctrict. Herbert Fleishaker. Dave Walters, T. T. Greive and others opposed the extension of the business district, and favored the curtailment of the business section to the territory at present used for business uses. The ordinance was unanimously passed.

The appointment of a police officer was the next matter to be considered by the board. Upon the recommendation of Marshall Dr. Westphall. J. W. Seller was appointed to this position, to hold the same at the pleasure of the board. The newly appointed officer is to be known as deputy marshall, and is to work under the direction of the town marshall. The appointment of Seller was ratified by the board through a motion.

An ordinance. drawn by City Attorney Reddington, and providing for the use of the Atherton Riding Club house as the meeting place of the board, was introduced. and will be passed at the next meeting. The change of meeting place is necessitated by the inedequate space in the present "city hall."

It was suggested, and the clerk was directed to write to Coryel, and thank him for his kindness in offering his garage for the use of the board.

As there was no further business to come before the board it adjourned.

Meehan's Slayers Sentenced to Life

Following the disagreement of the jury which last Thursday listened to evidence in the trial of Floyd Hall, alias Harvey, and Joseph Tanke, alias Panko, and other names, for the murder of chief of police Meehan of San Bruno on September 18, the case was set for re-trial on Monday. A second jury was accordingly drawn on Monday morning which listened to testamony and arguments in the case all day and anally reached a verdict at 5:20 p m.

The arguments of both sides of the case were necessarily similar to those made in the first trial. Both prisoners denied having confessed the crime to Sheriff Lampkin and San Franisco police officers at Los Angeles. The prisoners claimed to be at South San Francisco in a drunken stuper at the time of the killing of Chief Meehan. Evidence was adduced by District Attorney Swart, who conducted the prosecution, to show that the defendants were guilty of a hold-up in San Francisco, from which they were endeavoring to make their escape. As they approached the railroad gates at San Bruno, the gates were down; not stopping they drove through the gates, breaking them.

Seeing the men break through the gates. Chief Meehan started in pursuit, but just as he came along side of the automobile in which the two defendants were riding, with his motorcycle, the car swerved quickly to the left. throwing the officer into a ditch. The two men then stopped and shot the officer, then drove on.

Such, briefly, are the facts brought out by the witnesses at the trial last Monday. The jury retired for 25 minutes and then returned with a verdict of guilty, with a recommendation for life imprisonment for Floyd Hall. Asa Hull, foreman of the jury read the verdict, and when asked for the verdict in the case of Jos. Tanke said that the jury had supposed that the one verdict covered both prisoners. Upon being informed by the judge that a separate verdict must be signed for each defendant, the jury retired again and went through the formality of signing the other verdict slip.

The prisoners seemed pleased with the recommendation of the jury and laughed and joked during the time that the jury was out. When the verdict was read and the recommendation for life was given, Hall said that they would be out within seven years. "Yes, it means seven years bad luck," replied Tanke.

The prisoners were defended by Attorney J. T. O'Keefe.

ARMISTICE DAY AT ST. PETER'S EPISCOPAL CHURCH

A special Armistice Day service will be held on Sunday morning at 11 o'clock. Two members of the American Legion, Lieut. Mingins of the United States Infantry and Private Edward H. Molony of the Canadian Infantry, will tell briefly "how we received word of the Armistice at the Front."

Miss Beeger will sing Kipling's "Recessional." A brief plea for the World Court will be made by a woman member of the congregation.

National hymns will be sung and the rector in his sermon will pay tributes to "The Unknown Soldier," "Our Sailors," and reply to the question, "Should the United States join the WORLD COURT?"

The public is invited.

Hammond.

SAN CARLOS GIRL FACES MANSLAUGHTER CHARGE AFTER FATAL ACCIDENT

Miss Lavina Perry, resident of San Carlos, today faces a manslaughter charge in San Francisco as a result of an automobile accident Tuesday night on the Great Highway which cost two lives and the serious injury of a third person.

A heavy coupe driven by Miss Perry crushed Mrs. Charles H. McCutcheon against her car which was standing on the highway. The car driven by Miss Perry turned over three times. She was uninjured, but her brother, Edward Perry, also a resident of San Carlos, and proprietor of "Canary Cottage" roadhouse, was killed, and Gifford Gordon, a passenger in the Perry car, was badly hurt. Ed Shields, another passenger in the car driven by Miss Perry, was uninjured. Mrs. McCutcheon, wife of a traveling representative of the Standard Oil Company, now in Klamath Falls, Ore., died a short time after the accident.

According to reports of the police department, Mrs. McCutcheon's car had run out of gas. The Perry car dashed up the highway in the dusk and swerved sharply to the left as Miss Perry spied the standing car ahead. Her sharp swing of the wheel capsized the car, turning it completely over three times.

When arrested Miss Perry admitted that she had no automobile driving license and had never had any. She asserted the McCutcheon car had no tail light burning and that she saw the car too late to avert the tragedy. She was released under $1,000 bail.

EARLY RESIDENT OF REDWOOD DIES AT MAYFIELD HOME

Mrs. Martha Penman, who for over forty years was a resident of Redwood City, and was one of the first property owners in Wellesley Park, passed away in Mayfield Thursday at the age of 71 years. Her death followed a severe illness of about a week's duration.

Mrs. Penman was born in Missouri in 1852, while her parents were on their way from England to the gold fields of California. She was brought as a baby across the plains from Missouri to California by ox team, arriving here early in 1853. Her girlhood was spent in Plumas county, from which she afterward removed to San Bernardino. When the tract of Wellesley Park was first put upon the market, she was one of the first to take advantage of it and secured two lots on Whipple avenue, then known as Briton road. Here she made her home until about three years, when she removed to Mayfield.

The deceased is survived by five sisters, Mrs. S. Lawson of Mayfield, Mrs. E. S. Isaac of Redwood City, Mrs. F. P. Gill of Quincy, Calif., Mrs. J .Gill of Roseville, and Mrs. M. Gill of Roseville, and a brother, Charles Penman of Lassen county. A daughter, Mrs. L. M. Beech, and a grand-daughter, Regina T. Beech, both of Riverside, Calif., also survive.

The funeral will be held from the parlors of the Palo Alto Undertaking Co. this afternoon at 2:30, and will be followed by cremation at Cypress Lawn.

SEQUOIA DEFEATS SAN MATEO BY 6 TO 7 SCORE

Football fans in San Mateo are still trying to explain how it happened, Sequoia knows how it happened, just good playing and brains. Everybody but the Sequoia team and a few optimists thought that San Mateo would carry off the honors at the old American game, but by the time the stop watch had ticked off its allotted minutes the score stood in Sequoia's favor 7 to 6. The game was played on the field at the Burlingame and was one of the most thrilling and spectacular games of the season.

The football game at Burlingame was the fourth event in which Sequoia defeated San Mateo within two days. On the day previous the girls' basketball team defeated San Mateo while in the evening, both the 110 and 120-pound basket ball teams brought victory to Sequoia at games played here.

BENTON LYONS HOME ON VISIT FROM NEW YORK

Benton "Doc" Lyons, who for the last three years has been in New York, where he has a good position with the Pacific Telephone and Telegraph Company, returned last Tuesday to his home here for a short visit. On Wednesday he left for San Diego to transact some business for his uncle, Benton Byrd, who is engaged in the exporting of tungsten from China. Lyons will return from San Diego tomorrow and will remain with his family for about a month before returning to the east.

Saturday they will have a tempting array of cakes, pies, home-made bread, etc. A unque feature will be the "Corner Grocery" composed of donations from the wholesale houses in San Francisco. A radio concert will be the attraction of each evening's program. The following have charge of the different features: Fancy Work, Mrs. Tate; Aprons, Mrs. Heise; Cooked Food, Mrs. Schaberg; "Corner Grocery," Mrs. Martine; Mystery Tree, Mrs. Kelting; Candy, Eleanor Doxsee; Booth Construction, Mr. Doxsee; Radio, Mr. Dinwoodie.

The sale will open at 9 a. m. and close at 10 p. m. each day.

The American Legion Auxiliairy card party held last night at Foresters' hall was a grand success. The entertainment under the direction of Mrs. Geo. Winters and the Aurilairy ladies was enjoyed by all.

Mr. Chas. Paylor and two daughters, Misses Florence and Fannie Paylor, who have been visiting at the home of his sister, Mrs. Frank E. Blomquist, have left for Redondo Beach, where they will spend the winter with a brother and a sister of Mr. Paylor.

C. E. Woodhams Hears From Son

C. H. Woodhams this week received word from his son, Roy, a medical missionary in the heart of Africa, who with his wife and two children is on his way home for a furlough. At the time of writing, young Woodhams was in Karthun in the Sudan, and had been eight days traveling from his station in the Congo. Most of the journey had been made on a boat, on which his family and one other passenger formed the list of passengers. One reason for the trip being so slow was, he said, the fact that a number of barges were tied to the boat, at times as many as nine barges being dragged along with the boat.

Karthun is according to Woodhams, the first town he has passed where any traces of civilization wer found. Here he will be able to take a train after waiting two days and will then have to change to a boat again.

Soon after receiving the letter from Africa, the parents of the young missionery. received word from the mission headquarters in New York that the Woodhams would sail from England on the S. S. "Zealand" which is to arrive in New York on November 10. The reason for the letter from Africa arriving just before the one from New York,despite the fact that it was mailed weeks before is the fact that mail service in the "Dark Continent" is not up to American standards.

According to his present plans, Woodhams and his family will arrive here early in December, and will remain about a year before returning to Africa. This is the first time that the young man and his wife have been home in six years. The two children were born in Africa.

GOVERNOR RICHARDSON PARDONS CLARKE MORTON

Governor Friend W. Richardson this week pardoned Clarke Morton, 19, formerly a soda clerk in Trahan's candy store here, and now serving on a statutory charge.

Morton entered a plea of guilty of an offense against a San Carlos girl before Superior Judge George H. Buck last February and was sentenced to San Quentin on February 24 for an indeterminate term. This term was recently fixed at one year by the board of prison directors.

The extreme youth and later developments in the case were the reasons given for executive clemency.

NEWS OF WOODSIDE

Mrs. Matson, mother of Mrs. Wm. Roth, is occupying the Roth home during the absence of Mr. and Mrs. Roth who are spending the winter in New York.

Daniel C. Jackling is enclosing the property recently purchased from Andrew Welch with a very handsome all-steel fence.

Paul Fay of San Francisco has completed a beautiful residence on property adjoining the B. P. Oliver place. Mr. Fay is a son-in-law of Mr. Oliver.

Anyone desiring to start a street-car line in Woodside would find a portion of the rolling stock all ready at hand. Some months ago. Miss Jolliffe, sister of Mrs. Daniel C. Jackling, imported from San Francisco several of the discarded Pacific avenue street cars, intending to use them in the construction of a summer home for herself. But the cars looked better to her when in the railroad yards than when delivered on her own property, so they are now for sale at less than cost.

Hugh O'Neill has been confined to his bed for several days with heart trouble.

The rain Wednesday night found a welcome from those Woodside farmers who have been anxious to get their fall plowing and also from those who have stock awaiting the pasturage.

The ever-changing face of the mountain-side has taken on the colors of an old Persian shawl. The red of the poison oak, the yellow and brown of the maples, the gray of the leafbare branches blend with the dark green of the redwoods to make a pattern as soft and subdued as the most charming dyes of the orient.

Driven from their old haunts by hunger, or attracted by the plumpness of our Thanksgiving poultry, coyotes have worked their way deep into the settled part of the community. Several poultry raisers have reported losses. Five of Dr. Ross's best turkeys disappeared from his Little ForestF arm and the doctor had begun to wonder whose table they would grace during the holidays when he found their scattered feathers and stripped remains in a ravine not far from the poultry house.

DUMBARTON BRIDGE INCORPORATION

A CALIFORNIA CONCERN
ARTICLES FILED ON TUESDAY

ACTUAL CONSCTRUCTION WORK WILL BE STARTED IN THE NEAR FUTURE

Articles of incorporation were filed last Tuesday for the incorporation of the Dumbarton Highway Bridge Corporation, a company formed for the purpose of building the bay bridge at Dumbarton point. Five stockholders are named in the papers of incorporation, namely: John Lysle Harrington, Frank K. Towne, Fred H. Drake, P. R. Thompson and Frank C. Drew.

All of the incorporators are well known in their respective lines, and the fact that such able men have taken the matter in hand is an added surety of the successful culmination of the project, according to generally expressed opinion.

John Lysle Harrington is one of the best known bridge builders in the United States, and a member of the firm of Harrington, Howard and Ashe, an engineering firm with a world-wide reputation. Frank K. Towne is well known as the vice-president of the First National Bank of San Mateo County, and has the reputation of being one of the ablest business men of the county. Fred Drake is equally well known in San Francisco and San Carlos, in both places he has a growing realty trade. P. R. Thompson is the leader of many civic movements for the benefit of San Francisco, and unlike many of the leaders of our large neighbor, has not lost sight of the rights and welfare of the peninsula.. Frank Drew is an able corporation lawyer of San Francisco. and has been handling the legal work of getting the new enterprise underway. It is through his able advise and efforts that this vast project has at last been placed on a sound business basis and been made ready to function as a corporation of the State of California.

Under such leadership and with so many natural advantages to favor construction, the Dumbarton Bridge is now an assured reality. Located at the only logical point on the peninsula for such a bridge, the point where the two sides of the bay most nearly approach one another; the point where a natural route leads into the heart of the great agricultural vallies of the state; a natural trade route from any of the large interior cities to the great metropolis to the north.

According to advises received since the filing of the articles of incorporation, the filing of the articles will be followed immediately by steps to begin construction, actual work, it is said will probably be started this spring.

NOTES FROM BELMONT

Friends of Mrs. Kronquist will be glad to learn that she is up and around again after her illness.

Mrs. Thomas Moran and young son. Mr. Jerome Moran, spent Saturday visiting with her mother, Mrs. Barr in San Francisco.

An enjoyable whist party was given by Mrs. Fred Johnson Saturday evening. Those who attended were Mr. and Mrs. Paul Miller. Mr. and Mrs. Thomas E. Moran, Mr. and Mrs. J. Waldo, and Mr. and Mrs. W. Neuling.

Mrs. McArdell visited in San Francisco Thursday.

A meeting of the Girls' Dramatic Club was called Wednesday evening to discuss two short plays which are to be given November 26, 1923.

Mrs. Geo. Rousell and Mrs. M. Smith visited in Palo Alto Wednesday.

TO WIDEN HIGHWAY

At the meeting of the State Highway Commission at Sacramento today one of the most important actions will be the official indorsement of the plan to widen that portion of the State highway stretching between the city limits of San Mateo and the Beresford unit of the road to a forty-foot path. This will make the present highway between San Bruno and Redwood City a forty-foot road and will relieve in a measure the heavy congestion that daily exists on this lone path in and out of San Francisco.

AMERICAN EDUCATION WEEK

American Education Week will this year be observed beginning Sunday, November 18, and ending Saturday, November 24. As in previous years the program for the WEEK has been arranged by the American Legion in co-operation with the National Education Association and the United States Bureau of Education.

The President of the United States and the governors of many states have made special proclamation seting aside the week for the contemplation of educational problems.

It has come to be recognized that education is the only hope of our commonwealth. War has failed to [illegible] anything of lasting value and chaos follows in its wake.

Conferences and leagues have experimented, and rich men have exploited ideas which would bring about a brotherhood of man; and still there have been wars and it is feared that greater wars are still to come. The only way that these calamities may be averted is through the education of the future lawmakers.

The school teacher of the nation has been a powerful factor in the bringing about of reforms. Education Week will focus the attenion of the nation upon the schools and their works—Preachers—Lawyers—Editors—Laborers in every walk of life will discuss the educator and his output, from Nov. 17 to 24th.

We trust that the results of this week will be an increased realization that the seed of a better and a grander reign of peace and happiness must be planted in the heart of the childhood of today.

TANFORAN

The horse was King at Tanforan last Saturday. Thousands of men and women from every walk of life, each one craving excitement, went to Tanforan to see the races. The result was a wonderful picture. The day was perfect. Every detail for the comfort of the spectator had been arranged. The horses and their riders were keyed up to the pitch which guaranteed a successful re-opening of horse racing in Northern California, and so the day was a success.

While there was excitement and the cries of "down in front," added to the zest of the affair, there wasn't the same old feeling that there used to be when the spectator had placed his five on the short end of a 20 to 1 shot.

The management of Tanforan says that the racing will be for the sake of the sport and that there will never be any betting allowed. There couldn't be a finer, cleaner sport than this, if the ideals of the promoters of the proposition are maintained.

Personally we are not the best judge of horses in the country, but we saw some mighty fine looking racers at Tanforan last Saturday and we hope that this San Mateo County institution will flourish and give zest and excitement to everybody who likes a good horse and a heady rider.

ARMISTICE DAY

Tomorrow marks the fifth anniversary of the ending of the Great War. Five years are a mighty short time in the life a people or in the history of a nation. Yet in that short time affairs have been so well reorganized that we would hardly know there was a world war if its results were not brought to our attention by the doings of our former friends and enemies over across the Atlantic.

How we prayed for peace six years ago! Then after a year of fighting and misery and death the end came and we said, "There will never be another war."

How soon we have forgotten! There has been no real settlement of the questions involved. The war simply stopped. No adjustment of claims has been accomplished. No brotherhood of nations, no mutual understandings have come out of all the carnage. We celebrate because the carnage ceased.

There should be a wider meaning of Armistice Day. It should be our day of resolution that, so far as we are able, we shall strive to see that Peace shall be the program of all the people of the United States of America for all times to come.

THE SAN FRANCISCO ELECTION

The results of the election in San Francisco were just about what we thought they would be. We picked Mayor Rolph as an easy winner. There has been criticism of him and his works but any man who accomplishes anything is sure of criticism. Mayor Rolph has done so much of a constructive nature that he was bound to have certain influences against him, but he had so many thousand good citizens for him that his success was certain.

Now that he is re-elected he has launched the most ambitious scheme of his public service, the building of the subway under Market street to relieve the present congested method of traffic. We hope that the Mayor will be able to put over the plan.

We knew that Sheriff Thomas F. Finn would be re-elected. Sheriff Finn has always been true to his promises. He has been a good public official. The people of San Francisco knew this and so the tremenduous vote was given him which continues him in office.

There were a few surprises in the supervisorial contest. Those on the inside knew that Phil Katz, the Congressional Medal of Honor man, would be a top notcher, but they didn't expect to see him top Warren Shannon or Richard Welch. He put the matter over however, by outdistancing his nearest contender by 10,000 votes. The Board of Supervisors as elected will be a good safe body of men to handle affairs in San Francisco, and we look for a good administration of publis affairs in the metropolis during the next four years.

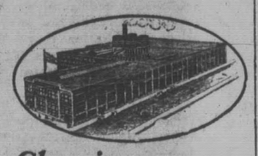
ARTIFICIAL AGRICULTURE STUDIED BY LOCAL MAN

One of Redwood City's most prominent and well known citizens is now preparing a lecture on the gentle art of artificial agriculture, to be delivered before the Farm School at Davis this spring. The youthful farmers will be taught the advantages of this new clean and sanitary method of raising the crops of the nation. The discovery of this improved agricultural system came about in this wise. Said prominent citizen, who by the way, is not altogether unconnected with the news paper business, was delegated to take care of the home of a relative during that relative's absence.

Everything went fine, prominent citizen managed the round of domestic duties in the most approved manner, and feeling a call "back to the land," he delighted in caring for the many beautiful flowers which he found growing luxuriously throughout the house. Every morning and evening the flowers received the attentions of the erstwhile gardener, who during the two weeks in which he was engaged in this line of work, took quite a fancy to agriculture and began thinking of getting a farm. When he relative returned, however, and told him that all the flowers were artificial, prominent citizen decided to give up farming and devote his efforts to taking care of the artificial variety of flowers. They are, he said, much more satisfactory than the natural kind, which like Topsy, "just growed."



Cleaning Without Odor by the

F. Thomas *Process*

Our many years of experience has taught us that it is impossible to do perfect cleaning with cheap, inferior methods. That is why we found it necessary to invest nearly $500,000 in the equipment of a plant and the establishment of an expert organization to do the quality of work demanded by our customers.

With the "F. Thomas Process" we not only remove every particle of dust but we return your garments without that usual disagreeable smell of gasoline. Every drop of gasoline we use in cleaning is redistilled and very highly refined.

Raw gasoline—the kind that you buy for your automobile—is full of heavy oils and unfit for cleaning fabrics. It is little better than ordinary distillate and leaves a sickening "gasoline" smell in your clothes

Don't wrap ICE in Newspapers!

To get the greatest benefit from the ice in your refrigerator there must be a free circulation of air around it. You defeat this purpose when you wrap the ice in newspaper or sacks.

It is the constant circulation of cold air, from the ice chamber through the food compartments, that keeps your food pure, fresh and wholesome, and prevents germ growth.

Properly used, ice is a real economy in the saving of food, and the best health insurance you can have at all times of the year.

Resolution Defeats Incorporation of Menlo Park

The incorporation of Menlo Park was delayed, if not entirely killed at the regular meeting of the county board of supervisors last Monday by the introduction and passing of a resolution by the board of supervisors which would exclude from the boundary limits of the proposed town, nearly all of the residential section. The section excluded by the board's resolution, comprised all of the proposed town east of the railroad track, and a large part of the land west of the track, limiting the townsite, in fact, to the business district between the highway and the railroad, and a small part of the territory along the San Francisquito creek on the west side of the highway.

The incorporation matter, which was taken up in the early part of the meeting, occupied the board during most of its meeting Monday, and was featured by long, contentious arguments, which often fell into the class of personal hits and sarcasm.

The proponents of the incorporation were represented legally by Attorneys, Malcolm of Palo Alto, Kirkbride of San Mateo, and Bullock of Redwood City. Attorney O'Keefe of Redwood City, who was also retained by the incorporationists, was unable to be present, he being the attorney for the defense in the murder trial which was being tried by Judge Buck at the same time.

Protestants in Menlo were represented Monday by Attorneys Reddington of Burlingame and Ross of Redwood City.

The main source of argument was the question whether tenant residents or non-resident land owers should have the deciding power. The protestant side favored the owners of land, many of whom were residents of other towns, some were only residents during the summer months. These persons and some of the regular residents of Menlo Park were opposed to being within an incorporated town. On the other side, favoring incorporation were many residents of Menlo Park who were not land owners, but nevertheless, were making Menlo Park their permanent home.

The question of class distinction, as being between the wealthy class and the middle class was also argued by the proponents of incorporation. This matter was not, however, enlarged upon by the other side.

During an appeal by Attorney Matcolm, Supervisor Hickey exclaimed, "Mr. Chairman, make him stick to facts." As it was twelve o'clock at that time, Chairman Thompson interrupted the attorney and adjourned the meeting until after the noon hour.

When the meeting was re-convened in the afternoon the same arguments were continued. The opponents of incorporation presented a map of the proposed territory to be incorpoaterd, a major portion of which was marked in red. The map it was said showed in red the land holdings of persons opposed to incorporation. Attorney Malcolm denied the fact that the map gave a correct idea of the situation, and declared that the land of many who favored the incorporation was also colored red.

The crucial moment of the whole matter was brought about when Supervisor Hickey made a motion which was seconded by Supervisor Francis, to accept a resolution drawn up by the opposing attorneys, to exclude the greater part of the land which the Menlo people sought to incorporate. This motion was passed by general acclamation, but the board was forced by the demand of the incorporationists to call the roll on the question, at the roll call all appeared as favoring the resolution.

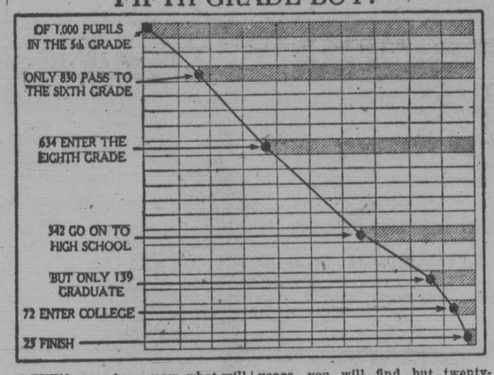
WHAT BECOMES OF THE FIFTH GRADE BOY?



OF 1,000 PUPILS IN THE 5th GRADE
ONLY 830 PASS TO THE SIXTH GRADE
634 ENTER THE EIGHTH GRADE
342 GO ON TO HIGH SCHOOL
BUT ONLY 139 GRADUATE
72 ENTER COLLEGE
25 FINISH

SEVEN years from now, what will have become of the fifth grade boy, the youngster who answers the school bell's ring this Fall? Will he finish high school and will he enter and complete a college course? These questions, so interesting to educators, are answered by the Bureau of Education, United States Department of Interior, in Bulletin 34 (1920).

According to the bureau, out of 1,000 boys who enter the fifth grade this year, but 830 will return to school next year and enter the sixth grade. Already 170 have dropped out, for many reasons, mostly to help out the family income. The year following, the seventh grade will receive 710 of the original 1,000, and the eighth grade but 634.

High school time rolls around. Stand at the high school doorway, four years from this Fall, and you will see but 342 of the first 1,000 pupils enter. Four years later only 139 will receive diplomas. This last group will divide evenly. Seventy-two will go to college. And if you will follow the fortunes of this dwindling company for four years, you will find but twenty-three stepping out on commencement day, trained young men, trained for careers in business and professional life.

Where are the other 977 pupils who started bravely forth in the fifth grade this year? You will find them in the shops and stores and mills and mines, on railroads, in offices, on the farms and on the sea, the big majority laboring under the handicap of an eighth grade schooling or less. However, there is one compensating fact to these seemingly pessimistic figures as regards our educational system. Among the 977 you will find a surprising number who stand out from the others—men with trained minds, men who have earned responsible positions and who are at the helm of large business undertakings.

Though unable to remain in school the required length of time in which to obtain a college training, they have grasped at the education facilities available, such as correspondence school courses, home study plans and the like, and have shaped brilliant careers for themselves.

DUMBARTON BRIDGE BONDS FIND READY MARKET IN S. F.

The Dumbarton bridge promoters held a meeting one day last week in a down-town cafe in San Francisco. Around the festive board were a number of bankers and capitalists and investors. When the stock was offered for sale there was a scramble for it. Almost the entire quota was subscribed at the meeting. There is only a limited amount left to be distributed among the smaller investors who are anxious to subscribe for the stock that will pay big dividends. Contracts are now being prepared for the contractors, and in a short time contractors will be asked to make their estimates on the work of construction.

Mr. Harrington, the engineer for the bridge, is highly elated over the rapid manner in which the stock is being disposed of. The people have faith in the enterprise, its possibilities and the great good it will accomplish for the peninsula.

MRS. CHRISTINE WALTERS GRANTED DIVORCE DECREE

A decree of divorce was granted this week to Mrs. Christine Walters from Fredwic Walters on the ground of desertion. The case was brought up in the court of Judge Buck of this county, a property settlement was, however, made out of court. Walters was formerly steward of the Menlo Country Club. He is now thought to be in Germany.

SUMMONS

Superior Court of the State of California in and for the County of San Mateo.

No. 8812

C. A. HOOPER & CO., a corporation, Plaintiff,
vs.
WALKER PAUL, LESTER L. MOORE, WILLIAM SILVIA, CHIAFREDO TOLOSANO, ANDREW TOLOSANO, ANTONIO PONACHIA, FIRST DOE, SECOND DOE, THIRD DOE, AND FOURTH DOE, Defendants.

The People of the State of California to:

WALKER PAUL, LESTER L. MOORE, WILLIAM SILVIA, CHIAFREDO TOLOSANO, ANDREW TOLOSANO, ANTONIO PONACHIA, FIRST DOE, SECOND DOE, THIRD DOE AND FOURTH DOE. Defendants.

You are hereby directed to appear and answer the complaint filed in the County of San Mateo in an action entitled as above, brought against you in the Superior Court of the State of California in and for the County of San Mateo, within ten days after the service on you of this summons—if served within this County, or within thirty days if served elsewhere.

And you are hereby notified that unless you appear and answer as above required, the said plaintiff will take judgment for any money or damages demanded in the complaint as arising upon contract, or will apply to the Court for any other relief demanded in the complaint.

Given under my hand and Seal of the Superior Court of the State of California in and for the County of San Mateo, this 14th day of March, A. D. 1922.

ELIZABETH M. NASH,
(Seal) Clerk.

NEWS OF MENLO PARK

Charles H. Lord, who was removed from the Menlo Park hotel last week suffering from an attack of pneumonia, to the new county hospital, died at the institution on Saturday last. Lord came here with the establishment of Camp Fremont and has resided at Menlo Park ever since. He is survived by a daughter, Dolores Lord, residing at San Jose. The deceased was interred at Cypress Lawn cemetery on Tuesday.

Edward Dennis, who passed over the vale recently in San Francisco, was well known in Menlo Park thirty years ago. He came here as a coachman for Timothy Hopkins when the latter took possession of the old Hopkins mansion in the later eighties. Dennis took an active interest in local affairs, was prominent in baseball circles and in politics. He was a member of the old Harrison and Morton republican club that took a prominent part in the noted campaign. The club participated in all the parades in this section of the state appearing in natty white uniforms. During the Harrison administration Dennis was appointed a messenger in the U. S. Appraiser's office in San Francisco, a position he held for four years. For several years last past he enjoyed a berth in the De Young meusuem in Golden Gate Park. Dennis died of a cancer of the liver.

Mr. and Mrs. J. Leroy Nickel have closed their home here and have opened their mansion on Laguna street, San Francisco.

Patrick Moffatt, the bootblack magnate, has moved his outfit to the base hospital, where he will shine.

Miss Minnie Mayne, vice principal of the local grammar school when Professor Ulriee was principal seventeen years ago, was a guest of Miss Bertha Kuck last Saturday. Miss Mayne is a teacher in the Junior high school at Berkeley. Her father was at one time editor of a San Jose newspaper. Miss Mayne was one of the most popular teachers that has ever taught in the local school.

A. S. Heink, son of Madame Schuman Heink, the noted singer, will leave shortly for Los Angeles in the interest of a well-known film company. He will return to Menlo Park the latter part of the month. Mr. Heink has made his home here for the past three years.

The rain fall for the last storm has been .12 of an inch, making a total of 2.05 inches for the season. At this time last year the rain fall was treble that amount. Jupitur Pluvius will have to do better than this. He's sleeping on the job. Farmers will have to prod him.

The Menlo Park Fire Department is eagerly awaiting the arrival of the new chemical engine from the the east that was ordered by the commissioners some little time ago. It is a modern fire fighter with all the late improvements and is capable of coping with any conflagration. The one now in use has become inadequate for the demands made upon it. It will most likely be sold to the Runnymede Fire Department.

The Pacific Gas & Electric Company is preparing to exetend power lines along Santa Cruz avenue to serve 25 new homes with energy for lighting, heating and cooking purposes. This is only one instance going to show that this locality is growing.

Judge Thompson visited the local parlor of Native Sons on Thursday evening. Judge Thompson, who lives at Santa Cruz, is one of the grand trustees of the order and is making his annual tour of all the parlors in his district. He was greeted with a big gathering of members from all the neighboring parlors, including many from San Francisco. The judge was highly elated with the enthusiasm shown by the Native Sons in the work of the organization. After the meeting a banquet was served.

Senator Samuel M. Shortridge left Thursday for Washington to be there for the opening of Congress next month. The senator is a member of a very important senate committee that will meet at the capital next week to prepare a report of its labors to the senate. Mr. Shortridge has mapped out a big program of work for himself during the coming session. He is interested in a number of important measures concerning the state which he hopes to be able to enact into laws this session. He is a strong advocate of the soldiers' bonus and his eloquent voice will be heard on the floor of the senate when the bill comes up for debate next winter. Other measures of equal importance that will be presented to the upper house will have his earnest attention and advocacy.

Mr. and Mrs. William N. Stevenson and their family have returned to the Pacific avenue home after passing the summer at Menlo Park, where they occupied the Merrill residence. Mrs. Stevenson will give a bridge party on November 16.

"El Canto" is the name of the new ice cream parlors to be opened on Monday next in the Maloney block. Filoucheau and Hamilton of San Jose are the proprietors. The former's pretty dark-eyed daughter will be in charge of the candy counter. Light lunches are to be served. Both proprietors have had a large experience in the cafe business. They will have a modern establishment with an up-to-date service.

The Times-Gazette goes to every home in Menlo Park. Over a thousand people read the the paper every Saturday here. Local advertisers should keep this in mind. An advertisement in the Times-Gazette will surely bring results. Try it.

H. Bearce of Gilroy, having an experience of over twenty years in the drug business, has purchased the Menlo Pharmacy from Dr. Kurtz. Mr. Bearce before coming to Gilroy for fourteen years conducted a drug store at Morgan Hill. He has an interesting family of a wife and three pretty children, who will move here next week. They will be quite an acquisition to Menlo's social set. Dr. Kurtz and his charming wife and family are to remain in Menlo for some time to come. This will be glad news to their many friends. The new proprietor is to enlarge the store and stock it with a full line of drugs.

The supply of water from the Bear Gulch Water Company has become inadequate for the big demands made upon the lake that the water from the large artesian wells at the Flood place has been turned into Bear Gulch pipes. Hundreds of consumers have been added to the system this summer, causing the supply to diminish rapidly.

The petition for the incorporation of Menlo Park came up for hearing before the board of supervisors last Monday. A large number of citizens from Menlo Park was present to witness the proceedings. A petition was read from a number of protestants asking that to be excluded from the territory proposed to be incorporated. After considerable debate pro et con the board granted the latter petition which practically emasculated the former so that the proponents of incorporation could do nothing but ask for the withdrawal of their petition. The property asked to be excluded from the incorporation boundaries consisted of nearly all the holdings east of the Southern Pacific Company's tracks and property north and south of Valparaiso avenue, virtually leaving the town itself to be incorporated. It would be impracticable to organize a city within this small territory. The attorneys for the sponsors of incorporation have filed a writ of review in the superior court, hoping to reverse the board of supervisors. The alleged arbitrary manner in which the board disposed of the matter has caused much feeling among the proponents of incorporation. Reprisals are threatened. However, they will have to wait for other times and other men to do justice to their cause.

CONGREGATIONAL CHURCH

Sunday, Nov. 11, 1923

Professor John Wright Buckham of the Pacific School of Religion at Berkeley, will speak both morning and evening. At 11 a. m. his subject will be, "Newness of Life," and at 7:30 p. m., "Christian Magnanimity." The church is very fortunate to have these fine speakers. All are urged to come and enjoy a helpful service and a fine sermon.

The young people will hold a special patriotic service at 6:30 p. m. at which ex-service men are especially invited. There will be special music.

O. E. S. ELECTS OFFICERS

Sequoia Chapter of the Order of Eastern Star held its annual election of officers at the meeting of November 5. The officers elected for the ensuing year were

Worthy Matron, Mrs. Grace Carl; Worthy Patron, John E. Layng; Associate Patron, Mrs. May Cummings; Secretary, Mrs. Minnie Jean Marvin; Treasurer, Mrs. Mary Hahn Conductress, Mrs. Annie Mantz; Associate Conductress, Mrs. Ella Swanson.

An interesting report by Worthy Matron, Mrs. John Gill, who was a delegate to the Golden Jubilee of the Grand Chapter of California, held in San Francisco, October 15 to the 20th.

This was followed by a pleasant social hour, and by refreshments served by a committee consisting of Dr. Marvin and Mesdames Marvin, Hall, Mantz and Thompson.

There will be a meeting for the purpose of iniating several candidates into Sequoia chapter on November 19. As this will be the closing class for the year, a good attendance is desired.

Run up your expenses and run down your credit.

Why a Power "Trust" is impossible in California

UNDER the California system of regulation of public utilities by the Railroad Commission which has all the facts before it, the public fixes the rate that it pays and determines the service that it gets. Public utility companies are thus prevented from making large profits but they are not guaranteed against loss.

There can be no such thing as "power trust" in California where rates, financing and service are controlled by the public through its Railroad Commission. Imagine a "trust" which must serve its customers at prices, and with the degree of efficiency determined by those customers!

The public is the partner of every public utility enterprise under the California system of regulation by the Railroad Commission. The public regulates rates, service and financing. It gets service at actual cost including a fair return upon the reasonable cost of the property used.

The public cannot get any form of service permanently from any source at less than cost.
